November 22, 2016
1:30 pm - 3 pm EST

Creating an Aboriginal Women's Health Centre

You are invited to participate in this extraordinary opportunity to share your thoughts on improving the future of Aboriginal Women's Health

What if...

- Aboriginal women played a greater role in Aboriginal women's health?
- Aboriginal women's health research was community driven?
- Health equity was achieved between Aboriginal and non-Aboriginal women?

The Native Women's Association of Canada (NWAC) is looking to create an "Aboriginal Women Health Research Centre". This FREE webinar will be a unique opportunity for you to share your thoughts on improving Aboriginal women's health through the creation of more meaningful and participatory research. If you cannot attend the webinar, you can still register as a participant and gain free access to the video recording of the discussion. You will also still have the ability to share your thoughts or to ask questions and we will get you answers!
