12:30 pm - 2:30 pm EST

EMPOWERING Indigenous Women

There are no national Indigenous women entrepreneurs' networks in Canada; while numerous networks support the interests of non-Indigenous business women. **Should there be?**

What if...

- A National Indigenous Women Entrepreneurial Ecosystem was created?
- A collaborative Entrepreneurial Ecosystem was created to develop, build capacity and provide better support to aspiring Indigenous women entrepreneurs and small business owners?

You are invited to a FREE webinar about creating a National Indigenous Women Entrepreneurial Ecosystem.
