## **WORKSHOP BENEFITS**

Participants will achieve a stable cognitive process to continue to help themselves and their Community with on-going support for 5 years from Edu-Therapy™ Support. As Physical Care Costs escalate often, Mental Health needs are neglected. Once Certified as an Edu-Therapy™ Specialist in as little as 6 hours per week, one specialist can bring Mental Resolution of the pain and sadness caused by loss to over 200 people per year. Trained teams can escalate these numbers adding to the resiliency of the Community as people begin to heal at less than the cost of a trip to the ER where little to no emotional care is given.
