Edu-Therapy™ is a Cognitive Behavioral Process for healing grieving hearts due to:

Colonization • Residential Schools • Intergenerational Loss and Trauma • Loss of Family, Parents, Siblings, Children & Friends

You will learn:

- Dysfunctional ways people mishandle grief and the intergenerational effect on Communities
- Emotional damage of rationalization and intellectualization
- Education, awareness, and action with unique experiential exercises to create a training experience that is both educational and personally rewarding
- Why Denial, Anger, Bargaining, Depression and Acceptance Models are the wrong approach for grievers
- Effective and proper techniques for identifying and resolving loss and relationship conflicts
- Edu-Therapy™ Process formats for individual and group work
- How to expand your caregiving agency using Edu-Therapy™
- How to resolve cumulative unresolved issues (ie: PTS and the Residential School Experience, abuse and trauma)
- How to deal with what's known and what's not - when someone goes missing (Ambiguous Loss)
