NATOA welcomes you to the 6th Annual National Indigenous Trust and Investment Conference that will take place May 13-14, 2019 at The Westin Bayshore in Vancouver, BC.

The 2-day event is designed to provide an informative and interactive venue for all those involved with Indigenous Trusts. Speakers will represent both the Indigenous Communities who have established or in the process of establishing and maintained successful Trust operations, and members of the Corporate Industry that effectively service these Communities.

This year's theme is *'Investing In Traditional Values'*.

Indigenous Communities in Canada and around the world are working diligently to be productive and vital leaders and partners within the economies of their regional areas and the national picture. Investing in our communities and economy means working with the traditional and unique cultural values of each of the varied Indigenous peoples across Canada. When we invest ourselves, we have the opportunity to utilize our own traditional and cultural values to generate much needed revenues to help our community meet the needs of its people, both now and generations to come.

**Trade Show • Engaging Keynote Speakers • Networking Opportunities
Informative Workshops and Presentations • Special Event: Taste of the Nations,
Indigenous Inspired Culinary Reception**
