# GROW WITH SYNCRUDE

Our new heavy equipment operator program trains you for the only career you'll ever want.

Heavy equipment operators drive and operate many different types of equipment including: heavy hauler trucks, crawler dozers, graders, hydraulic and electric shovels, as well as other heavy equipment up to 400 tons.

This is a competitive program, with 16 seats available, and tuition is covered by Syncrude for successful applicants.

Classroom training consists of two weeks in Fort McMurray, followed by fully paid, hands-on field training by Syncrude.

For more information about this program and a career, join us at one of our Open Houses:
