

The National Experience is a unique formative experience!

Are you between 17 and 25 years old, passionate about community service, civic engagement, as well as Truth & Reconciliation?

Join 10 of your peers to discover Canada through the National Experience program! Five and a half months of volunteering, learning and discovery await you.

The National Experience program is a fully funded opportunity. Travel, housing and the day-to-day expenses of Participants are covered by the program. All you need to bring is your dedication, empathy and willingness to build the country you want to live in!

The Katimavik National Experience challenges young people in Canada with a transformative experience to empower them to become:

- *Supporters of Truth and Reconciliation across Canada;*
- *Contributors to an eco-friendly and sustainable world;*
- *Advocates for inclusiveness and diversity;*
- *Confident change-makers working towards a better Canada.*

**Applications are now open for the July 2023 Cohort!
