

EFFICIENCY MANITOBA

INDIGENOUS ENERGY EFFICIENCY WORKING GROUP

MARCH 2-3
2023

VICTORIA INN HOTEL & CONVENTION CENTRE

JOIN US AT OUR WORKING GROUP EVENT

Efficiency Manitoba will be hosting an in-person Indigenous Energy Efficiency Working Group (IEEWG) session on March 2 and 3 at the Victoria Inn in Winnipeg. You may have previously received an invite through Event Camp, who will be taking care of the registration, accommodations, and travel.

If you haven't already registered, this notice is to remind you that this in-person event is an opportunity to provide feedback for consideration into Efficiency Manitoba's next three-year plan. From previous emails regarding the IEEWG, you may recall that the intent of the Indigenous Energy Efficiency Working Group is to create an opportunity for real-time and ongoing feedback from First Nation communities to assist us in the design, delivery, and implementation of our Indigenous energy efficiency programs. This collaboration helps us develop our programs to better assist your communities in lowering energy bills and contribute to a sustainable future.

Please join us at the Victoria Inn Hotel in Winnipeg on March 2 and 3 to learn more about our Indigenous energy efficiency programs and share your thoughts on how we can better assist your communities.

Limited spots are reserved for representatives from the Tribal Councils and First Nations Communities. Use the link below to confirm your registration.

For more information or to register, we invite you to visit:

GotoRegister.ca/IEEWG

MEET & GREET WITH THE PROVINCE OF MANITOBA

In addition to Efficiency Manitoba's Indigenous Energy Efficiency Working Group event on March 2 and 3, the Province of Manitoba would like to extend an additional invitation to participate in a meet-and-greet event for the First Nations Engagement on Climate Adaptation project on Wednesday, March 1.

This project is being delivered on behalf of the Province of Manitoba, who's launching an engagement project with First Nations across Manitoba to learn how communities have been impacted by climate change. We're seeking knowledge about climate adaptation and want to explore what climate resiliency looks like for your community. This is an optional event that you're very welcome to attend.

Join the come-and-go event on March 1 between 3:00 p.m. and 8:00 p.m. at the Victoria Inn for appetizers and to learn more about how you can get involved. Participate in our survey and prize draws for an opportunity to win.

To learn more, please contact Meaghan Pauls at mpauls@scatliff.ca or 204-927-3444. RSVPs aren't required but appreciated.
