NA TECH TALKS

April 24 - 28, 2023

DISCOVER YOUR TECH CAREER

REGISTER NOW

- ★ *FDM's hugely popular tech workshops are back – tune in this April for **North America Tech Talks!***
- 🔑 *Over a series of free, one-hour daily virtual workshops, FDM's team of industry experts will introduce key foundation IT skills and how easily you can be a part of the world's fastest-growing job sector.*
- *Every day they will address a key, future-focused topic – from cloud computing to business intelligence - and the huge range of job opportunities available.*
- 🎓 *You'll also learn about the FDM Career Development Program, which can equip students from any degree background with high-demand skills to step into a role with their multi-national clients.*
