

# Saskatchewan Polytechnic is hiring!

## Instructional Training Facilitator Indigenous Ways of Knowing

Reporting to the Program Head, Instructional and Leadership Development Centre (ILDC), the successful candidate will work independently and as part of a provincial instructional team.

This could occur in a number of different ways, including creation of online training modules and resources, delivery of education programs and training sessions on various instructional topics. The primary responsibility for the position is to develop and deliver training on Indigenization and reconciliation, Indigenous pedagogies, and Indigenous knowledges and worldview.

This position has been designated for Indigenous persons under the Saskatchewan Polytechnic's employment equity program.
