Join Our Team!

Mohawk College supports our employees' well-being by providing and promoting healthy work environments. For instance, set in the college's main courtyard, the HOOP Dance Gathering Place was designed with a holistic consideration to landscape, architecture, and the wider context within the college and the city. The Hoop Dance Gathering Space celebrates First Nations, Métis, and Inuit culture within the everyday experience of the college campus and honors Indigenous history on this territory. Mohawk College is also well known as one of Canada's Greenest employers.

Students are at the heart of all we do.

Mohawk employees are lifelong learners who take pride in their dedication to students and innovative education. Our mission is to educate and prepare highly skilled graduates for success and to contribute to the community, Canada/Turtle Island and the world. This has further positioned us as a preferred choice for local and international students seeking real world learning experiences and services customized to their needs.

Equity, Diversity and Inclusion at Mohawk College

As a college, we are committed to nurturing an equitable, diverse and inclusive environment for everyone to learn and work. We believe the rich diversity among our students and the communities we serve should be reflected within our workforce. As educators we have a responsibility to act and show leadership in advancing equity, diversity and inclusion efforts in our community.

Our evolving Equity, Diversity and Inclusion Action Plan is the result of a ongoing research, consultation and collaboration between departments and individuals at all levels of the organization. It is a plan that builds on our successes to date and contains specific actions leading to outcomes that can be measured and verified over time.
